

# Feel More for less with FM Group...

I would like to introduce you to FM Group and our wide range of fragranced products for women, men and children.

## **FM Group products are high quality, but affordable, for the following reasons:**

- Our packaging is elegantly stylish, yet simple, therefore the customer is not paying for over the top fancy bottles and boxes.
- We do not spend money on advertising on TV, in newspapers, magazines, or on billboards, which adds to the cost of the products you normally purchase in High Street shops.
- Nor do we pay celebrities to endorse our products, but rely on satisfied customers to recommend them to others.
- Extra costs are not added by wholesalers and retailers, as our products are shipped directly from the Company to our Distributors.

Therefore, we can offer our customers a range of top quality products, at prices they can afford.

## **Exclusive Fragrances at the Right Price**

FM has created an exclusive collection of Parfums for Ladies and Eau de Parfums for men. Plus shower gels, roll on deodorants, body lotions, hand and nail creams, aftershave and shaving foam in our most popular fragrances.

With 20% perfume oil in our Ladies Parfum and 16% in our Men's EDP, our fragrances are stronger and therefore normally last longer than the weaker EDTs that many people settle for today elsewhere.

All FM products are guaranteed, and are NOT tested on animals. With the products now being sold in over 50 countries worldwide, with new countries being opened all the time, their popularity has already been proven internationally.

FM is constantly introducing new products, and with such a wide range of fragrances to choose from, there is literally something for everyone.

Please take a look at our catalogue and select the fragrances you would like to try. There is a handy chart in the back pages that shows which families our fragrances are in to help you find the right FM fragrance for you.

**All FM products are only available via our network of Independent Distributors.**

**If you know anyone who might be interested in earning extra money by promoting our products please tell them to contact:**
